

Case Study – Mechanical Design

Aerospace – Surface Modeling

Product	Wing Box Rib
Scope	<ul style="list-style-type: none"> The scope of this project was to generate CATIA V5 parametric models using NMG
Input	<ul style="list-style-type: none"> Aircraft Numerical Master Geometry(NMG) Modeling standards Drawing templates
Software	<ul style="list-style-type: none"> Catia V5 R18

Product	Wing Box Spoiler rib
Scope	<ul style="list-style-type: none"> The scope of this project was to generate CATIA V5 parametric models using NMG
Input	<ul style="list-style-type: none"> Aircraft NMG Modeling standards Drawing templates
Software	<ul style="list-style-type: none"> Catia V5 R18
